

ID	Full name	Affiliation	Your poster presentation title
ECARE1	Woosub Roh	AORI, the university of Tokyo	Development and Application of Joint simulator for the EarthCARE satellite
ECARE2	Naohiko Hirasawa	National Institute of Polar Research	How satellite radar/lidar observations have captured major precipitation events at Syowa Station
ECARE3	Minrui Wang	Tokai University	Initial results of the cloud cover validation for EarthCARE/MSI L2 Cloud products using whole-sky camera images
ECARE4	Yuhi Nakamura	Atmosphere and Ocean Research Instit	Global statistics of stratiform and convective clouds, and comparison with MIROC6
ECARE5	Konosuke SUGIURA	University of Toyama	Use and validation of Antarctic blowing snow data derived from satellite lidar
ECARE6	Hiroyuki Konishi	Osaka Kyoiku University	Estimation of amount of snowfall at Syowa Station using ground-based radar
ECARE7	Shunsuke Aoki	JAXA EORC	Removal of second-trip echoes caused by mirror images and multiple scattering in EarthCARE CPR observations
ECARE8	Masataka Muto	JAXA EORC	Intercomparison of cloud products from multi-spectral imagers onboard EarthCARE and Himawari-9
